Mr. Stanley Fonder, V.P.
SMJ Construction Services, Inc.
1050 Benjamin Franklin Highway West
Douglassville, PA 19518

Dear Stan:

This letter is written to express our extreme pleasure with the Building Renovation and New construction that SMJ performed for Immanuel United Church of Christ this past year. We are very appreciative in the way that SMJ Construction Services, project managed this large undertaking.

Now as you are getting ready to turn the finished building over to us, we felt it was appropriate to express in writing our warm appreciation for a job well done? The professionalism of your staff and the flexibility that they provided, when there were areas that we wanted modify as the project progressed, allowed us to obtain the assurances that our staff would be happy and proud of the final product.

Please share our thoughts with your staff and know that should we need any future work performed, we will not hesitate to contact your again. And, if it is possible, we look forward to your sharing in our Dedication Service this coming Sunday at 9:00 a.m.

Sincerely,

Alfred K. Schwerdt
