Dear Stan:

I would like to thank you for the outstanding job you did for Spring-Ford Area School District – 89,000 sq. ft. New Elementary School Project – construction of Evans Elementary School. The professionalism your firm showed was evident and consistent from the beginning of the project to the end. Any problems that arose were worked out amicably between all the parties involved, as proof of the fact, that this project was completed with zero change orders. It was a pleasure to work with the employees at SMJ, which is a great reflection on your firm.

I hope to work with SMJ Contracting on future projects and I would highly recommend SMJ for any project that you pursue.

Sincerely,
