Stanley A. Fonder, President  
SMJ Contracting, Inc.  
1050 Benjamin Franklin Highway West  
Douglassville, PA 19518

Mr. Stan Fonder,

We want to acknowledge the excellent work provided by SMJ Contracting, Inc. on the Pottstown Memorial Medical Center's Hyperbaric Suite project. We were impressed with the craftsmanship of the workers and subcontractors during the original fit-out and the addition of a third chamber approximately a year later.

John Michel's leadership skills and proactive and positive methods of communicating with other contractors and the owner were instrumental in the success of the project. The commitment to the project by the Superintendent, Mike Schmoyer, was a key factor as well. The safety and administrative procedures were followed with precision.

We can recommend you without hesitation and would be happy to work with you on future construction projects. If you have any questions, please contact The Center for Wound Healing at (610) 356-9882.

Sincerely,

Christopher P. Manning  
Vice President Business Development
