Dear Mr. Fonder,

I would like to thank SMJ Contracting for the fine job done as general contractor on our Community Services Center project for Lehigh Carbon Community College. Your company significantly contributed to the success of the project.

Specifically, Jack Ayres serving as manager for the project, and Sean Pope, serving as site superintendent, made up a team that was a pleasure to work with. As we navigated through the myriad of coordination items generally encountered on a project of this size, their concern for the best outcome of the project was always evident. They anticipated conflicts, worked diligently to resolve all that surfaced, coordinated with the other primes on the job, and interacted with the Owner, all with the highest level of professionalism.

Thank you,

Sincerely,

ROTH MARZ PARTNERSHIP
